### HYDROZONE AGREEMENT

Millennium East Seventh Subdivision, Railway Flats Outlot G Meter Loc ID: 53430

THIS AGREEMENT is entered into this 24th day of January, 2023, by and between the CITY OF LOVELAND, COLORADO (the "City") whose address is 500 East Third Street, Loveland, CO 80537, and CENTERRA METROPOLITAN DISTRICT NO. 1 (the "Participant"), whose address is 550 West Eisenhower Blvd., Loveland, CO 80537.

WHEREAS, the purpose of the City of Loveland "Hydrozone Program" is to protect the city's water resources by encouraging the design, installation, and maintenance of water-efficient landscapes in which landscape plantings are grouped by hydrozone and irrigated with a dedicated hydrozone irrigation-only water meter and will be perpetually subject to an annual water budget, unless and until the area is disqualified or the Participant voluntarily elects to be removed from the Hydrozone Program, and exceedance of the water budget will cause the incurrence of surcharges or other penalties; and

WHEREAS, participants in the Hydrozone Program pay a reduced water rights requirement in exchange for the hydrozone meter, use of which is subject to the provisions of Section 19.06.050 of the Loveland Municipal Code and the applicable water budget; and

WHEREAS, the Participant owns or controls real property within the City that Participant voluntarily desires to irrigate with a hydrozone meter described as follows (the "Hydrozone Plan Site"):

Area associated with Dedicated Irrigation Meter Loc ID: 53430 (meter address 2240 Kendall Pkwy SPR), Millennium East Seventh Subdivision, Outlot G.

General location description of Hydrozone Plan Site is contained within Outlot G of the Millennium East Seventh Subdivision. The Hydrozone Plan Site area is situated between Kendall Parkway and Cupola Drive (District owned).

Millennium East Seventh Subdivision being a replat of Lot 1, Block 3, Millennium East First Subdivision, situated in the East ½ of Section 10 and the West ½ of Section 11, Township 5 North, Range 68 West of the 6th Principal Meridian, City of Loveland, County of Larimer, State of Colorado.

WHEREAS, the Participant has voluntarily agreed to participate in the Hydrozone Program and submitted a hydrozone plan for the Hydrozone Plan Site to the City, a copy of which is attached as Exhibit A (the "Hydrozone Plan"); and

WHEREAS, the City approved the Participant's overall Hydrozone Plan on or near June 29, 2021, by City signatures of the Site Development Plans; the individual Hydrozone Plan for Outlot G, LocID 53430 was approved on Thursday, July 28, 2022 via email; and

WHEREAS, the Participant satisfied its water rights requirement for the Hydrozone Plan Site by providing the City with 0.15 acre-feet of water rights (including a combination HZ-2022-NOV10

AGR\_Hydrozone - Millennium E 7, Railway Flt, Outlt G (locID 53430) v1,

of native ditch and cash-in-lieu water bank credits), resulting in a water budget for the Hydrozone Plan Site of 39,271 gallons per year (the "Water Budget"); and

WHEREAS, if not for the Hydrozone Plan Site's participation in the Hydrozone Program, the Participant otherwise would be required to provide the City with 0.56 acrefeet of water rights (including a combination of water bank credits and/or cash-in-lieu of water rights) in exchange for a standard irrigation-only meter from the City that would neither be subject to the Water Budget nor restricted by the provisions of Section 19.06.050 of Loveland Municipal Code, a difference of 0.41 acre-feet.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

- 1. <u>Soil Amendments Required</u>. Participant acknowledges that soil amendments appropriate to the Hydrozone Plan Site must be installed prior to the issuance of a hydrozone meter within the Hydrozone Plan Site (individually a "Hydrozone Meter" and collectively the "Hydrozone Meters"). To satisfy this requirement, Participant must submit a soil amendment affidavit on the form approved by the City prior to the issuance of the Hydrozone Meter. See Exhibit B.
- 2. Grace Period. The three years after issuance of the initial Hydrozone Meter shall constitute a "Grace Period" during which irrigation with the Hydrozone Meters within the Hydrozone Plan Site shall not incur surcharges or be subject to the other requirements of the Compliance Period described in Paragraph 3, below. The duration of the Grace Period shall depend on the date of the initial Hydrozone Meter activation. If meter activation is before August 1, the Grace Period shall run for the then-current calendar year plus the next two calendar years. If meter activation is after August 1, the Grace Period shall run for the then-current calendar year plus the next three calendar years.
- 3. Compliance Period. Participant acknowledges that following the Grace Period, irrigation with the Hydrozone Meters will be subject to a Water Budget of 39,271 gallons per year unless the Hydrozone Plan Site is disqualified or the Participant voluntarily elects to remove the Hydrozone Plan Site from the Hydrozone Program in accordance with the terms of this Agreement. This Water Budget is calculated based on the Hydrozone Plan approved by the City and the provisions of Loveland Municipal Code.
  - a. <u>Surcharges</u>. If Participant's actual irrigation water use in the Hydrozone Plan Site exceeds the Water Budget, a surcharge rate will apply to Participant's water use in excess of the Water Budget, in addition to the base rate already paid, based on the table below. Any surcharge bills will be due after the irrigation season. The actual amount of the surcharges may be substantial.

Water Consumed	Surcharge
0% to 100% of annual Water Budget	No surcharge
101% to 150% of annual Water Budget	1 x base irrigation rate
151% to 200% of annual Water Budget	2 x base irrigation rate
201% + of annual Water Budget	4 x base irrigation rate

- b. Program disqualification. If the Hydrozone Plan Site exceeds its Water Budget by an amount more than five percent (5%) greater than the Water Budget in three consecutive years, then the Hydrozone Plan Site will be disqualified from participation in the Hydrozone Program and the Participant will be required to provide additional water rights in the amount of 0.41 acre-feet, the difference between the water rights previously paid and the amount owed for a standard irrigation-only water meter from the City. Satisfaction of such water rights payment will be based on the prices and relevant Loveland Municipal Code provisions in effect at the time payment is due. Such additional water rights shall be paid within sixty days of the date of invoice from the City, unless alternative arrangements for payment have been approved by the Director of the Department of Water & Power ("Director"). If Participant owes a surcharge for exceeding the Water Budget in the previous irrigation season, Participant may pay such surcharge towards satisfaction of the water rights payment required to remove the Hydrozone Plan Site from the Hydrozone Program.
- 4. Voluntary Removal from Program. The parties agree that Participant may voluntarily elect to remove the Hydrozone Plan Site from the Hydrozone Program by payment of an additional 0.41 acre-feet of water rights to the City. Satisfaction of such water rights payment will be based on the relevant Loveland Municipal Code provisions in effect at the time payment is due. If Participant owes a surcharge for exceeding the Water Budget in the previous irrigation season, Participant may pay such surcharge towards satisfaction of the water rights payment required to remove the Hydrozone Plan Site from the Hydrozone Program.
- 5. Other Code Provisions. Participant acknowledges that participation in the Hydrozone Program is subject to, and governed by, the terms of this Agreement and other provisions of Section 19.06.050 Loveland Municipal Code, including provisions that pertain to increases in a participant's Water Budget and to the redesign or replacement of a hydrozone landscape.
- 6. Required Disclosure to Members of Common Interest Community or Special Taxing District. If Participant is a common interest community, such as a homeowners' association ("HOA") or special taxing district, Participant must include the following language within the relevant common interest community

agreement, HOA covenant, or other relevant real estate disclosure to members or owners of such common interest community or special taxing district:

The Hydrozone Plan Site operates an irrigation-only water meter under the requirements of the City of Loveland's Hydrozone Program, which promotes water conservation and low water-use landscaping. Irrigation of common areas or other landscaping with the water meter is perpetually subject to an annual water budget based on the water rights paid for the irrigation meter. If the Hydrozone Plan Site area exceeds its Water Budget, substantial surcharges or water rights payments may be owed by Centerra Metropolitan District No. 1 to the City of Loveland. A copy of this Hydrozone Agreement will be available at the Larimer County Clerk and Recorder or the City of Loveland.

- 7. Term. Participant's obligations and acknowledgements under this Agreement will run with the land described above and carry forward to any new owners or operators of the Hydrozone Meters subject to the terms of this Agreement. The obligations and requirements of participation in the City's Hydrozone Program are perpetual unless the Hydrozone Plan Site is disqualified or the Participant voluntarily elects to remove the Hydrozone Plan Site from the Hydrozone Program in accordance with the terms of this Agreement. If the Hydrozone Plan Site is disqualified or the Participant voluntarily elects to remove the Hydrozone Plan Site from the Hydrozone Program, notice of the same will be recorded with the Larimer County Clerk and Recorder.
- 8. <u>Assignment</u>. The obligations of this Agreement run with the landscape irrigated by the Hydrozone Meters. Participant hereby agrees that it shall fully disclose to any assignee, transferee, or purchaser of the obligations of the Hydrozone Meters and the potential penalties for exceeding the Water Budget. Participant must notify the City of any assignment or transfer of such Hydrozone Meters and irrigated landscape.
- 9. <u>Recordation</u>. The City shall record this Agreement, and any amendments to this Agreement, with the Larimer County Clerk and Recorder.
- 10. <u>Headings</u>. Paragraph headings used in this Agreement are for convenience of reference and shall in no way control or affect the meaning or interpretation of any provision of this Agreement.
- 11. <u>Binding Effect</u>. This Agreement shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective heirs, personal representatives, successors, and assigns.
- 12. Governing Law and Venue. This Agreement shall be governed by the laws of the State of Colorado, and venue shall be the County of Larimer, State of Colorado.

- 13. <u>Severability</u>. In the event a court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable, such holding shall not invalidate or render unenforceable any other provision of this Agreement.
- 14. Entire Agreement. This Agreement contains the entire agreement of the parties relating to the subject matter hereof and, except as provided herein, may not be modified or amended except by written agreement of the parties. No statement, promise, condition, understanding, inducement, or representation, oral or written, express or implied, that is not contained herein shall be binding or valid.
